PORTFOLIO 🌐

PROFILE

- Specialty: **Software Architecture**, **DevOps** and **Cloud Engineering**.
- Design: **Scalable systems**, **Docker containerization**, and deployment on **AWS/Firebase**.
- Development: **Full-Stack Design Patterns** and **Best Practices approach**.
- Certifications: **Google Cloud** and **AWS**.

FORMATION

- **Diploma State Engineer Computer Engineering** — ENSA of Tetuan (Morocco) **2021 – 2026**
- **Baccalaureate Sciences Maths B** — Honors, Tetuan (Morocco) **2021**

PROFESSIONAL EXPERIENCE

VNB IT – Pontoise, France | PFA (3 months) **June – August 2025**

- Development and Deployment: **Full-stack application (Next.js, TypeScript, MongoDB)** in production
- **Multi-role architecture: JWT authentication** and **QR Code generation**
- Real-Time **Analytics Dashboard | Performance optimization**
- **CI/CD implementation** and **API security**

NTT DATA – Tétouan, Morocco | Application Internship (2 months) **July – August 2023**

- Development: HR Management Application | **C# (.NET Framework)**
- Implementation: **MVC Architecture** and **SQL Server Database Management**

PROJECTS

WaslMed – Multi-Tenant Telemedicine Platform **2025**

- Multi-tenant **RBAC architecture**, **WebSockets real-time messaging**, **contextual AI** with **QR code generation**
- Stack **Serverless: Next.js 15, Node.js, MongoDB Atlas**, authentication **JWT/NextAuth.js**
- Infrastructure: **GitHub Actions CI/CD, Docker, Kubernetes, zero-downtime** deployment on **Vercel Edge**

Polaris Clubs Manager – University Club Management Platform **2024**

- Architecture: **Event-Driven** with **Real-Time WebSockets**, **PostgreSQL triggers**, and **CDC**
- Stack: **Node.js/Express, React, PostgreSQL**, reservation system with conflict management
- Pipeline: Automated **CI/CD** with **Zero-Downtime Deployment** and **Preview Environments**

SKILLS

- **Architecture & Systems:** **System Design** | **Microservices** | **Design Patterns** | **Distributed Systems** | **UML** | **Linux**
- **DevOps/Cloud:** **Docker** | **Docker Compose** | **Proxmox** | **Git** | **CI/CD** | **AWS (EC2, S3, Lambda)** | **Firebase** | **Vercel** | **Agile/Scrum**
- **Languages:** **Java** | **TypeScript/JavaScript** | **Python** | **C** | **SQL** | **PL/SQL**
- **Databases:** **PostgreSQL** | **Oracle** | **MongoDB** | **MySQL**
- **Frameworks:** **Spring Boot** | **JEE** | **Next.js** | **React** | **Vue.js** | **Node.js** | **Express.js** | **Django**
- **APIs & Auth.:** **RESTful** | **GraphQL** | **OAuth** | **JWT** | **WebSockets** | **AI**

CERTIFICATIONS

GOOGLE CLOUD Professional Cloud Architect | **GOOGLE CLOUD Certified Data Engineer** | **AWS CERTIFIED Cloud Practitioner**

PRICE

- **1st Local Prize** – ENACTUS ENSA-Tétouan (Nov. 2025) – **SahaLink project**: digital platform for medical records (web - mobile)
- **1st Regional Prize** – INNOVA HUB (Feb. 2025) – **WaslMed project**: Digital ecosystem for health services (Web - Mobile)
- **Project Manager** – EVENT **Geeks Day** (Apr. 2025): Infotech Team Management (Organization – Design – Communication)

LANGUAGES

ARABIC (Mother tongue) — **FRENCH** (Advanced - C1) — **ENGLISH** (Advanced - C1) — **SPANISH** (Beginner - A2)

INTERESTS

Photography | Painting | Digital Drawing | Graphic Design | Athletics | Mixing – Sound Engineering | Gaming
